CEN REVIEW COURSE

This is the ideal course for the RN who is preparing to take the BCEN **Certified Emergency Nurse (CEN)** exam. This two-day course is designed to review the major/core topics covered by the most recent version of the BCEN CEN exam. This course will discuss the principles of emergency nursing and management of conditions commonly seen in the Emergency setting. **The focus of this course is ONLY CEN material; a dedicated two-days worth of CEN content. Giving you the most "BANG for your CEN Prep Buck!"**

COURSE OBJECTIVES

Upon completion of this course the participant should be able to:

- (1) **Recognize** signs and symptoms that may indicate a specific emergency condition.
- (2) **Describe** appropriate nursing interventions and medical treatments for selected emergency conditions
- (3) **List** appropriate pharmacological treatments for specific emergency conditions

HOW IS THIS COURSE UNIQUE?

THIS COURSE...

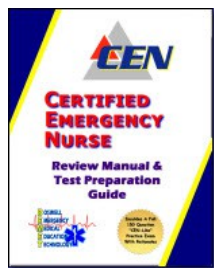

*...Has one of the **BEST** passing rates of similar courses ~ Is produced and taught by Emergency Practitioners who provide direct Emergency patient care **FULL TIME** ~ **SUPPORTS ENA MEMBERS** by giving ENA discounts ~ **SUPPORTS MILITARY NURSES** by giving Military discounts ~ Is marketed nationwide with the corresponding nationally published course manual, **AT NO EXTRA COST** ~ Is authored by a professional nurse **w i t h GRADUATE EDUCATION** and experience in **EXAM/TESTING DESIGN & METHODOLOGY***

~ INSIST ON ONLY THE BEST ~
~ YOU DESERVE IT! ~

COURSE MATERIALS

The most recent version our nationally published course manual (including over 150+ sample questions and test taking strategies) will be used during the course. The course manual is included in your registration fees. Manuals will be distributed at the start of the seminar.

COURSE CONTENT

All the major CEN exam content areas will be covered during the course. Other areas not covered in the live course are included in the course manual. Content areas covered during this class include:

- Cardiac Emergencies ~Respiratory Emergencies
- Neuro Emergencies ~ Trauma and Shock
- Environmental ~ Toxicological ~ Orthopedic
- OB/GYN Emergencies ~ Abdominal Emergencies
- General Medical Emergencies
